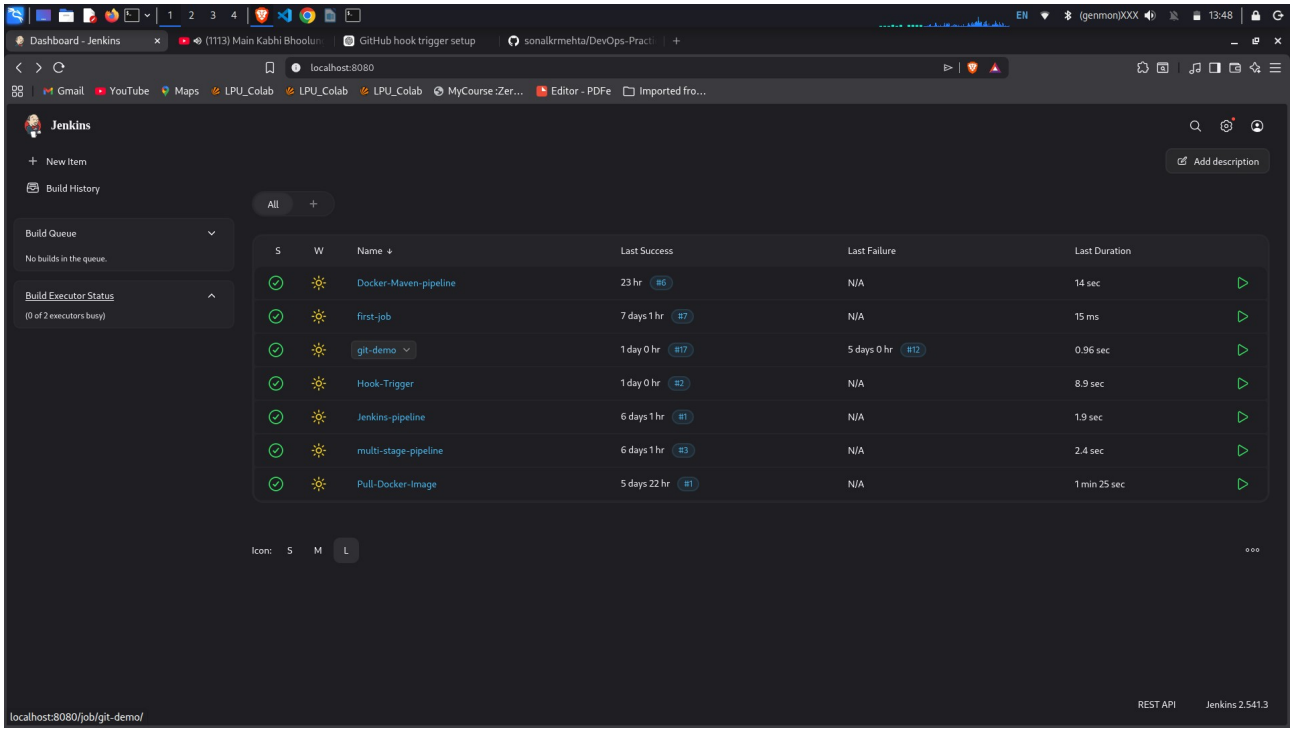
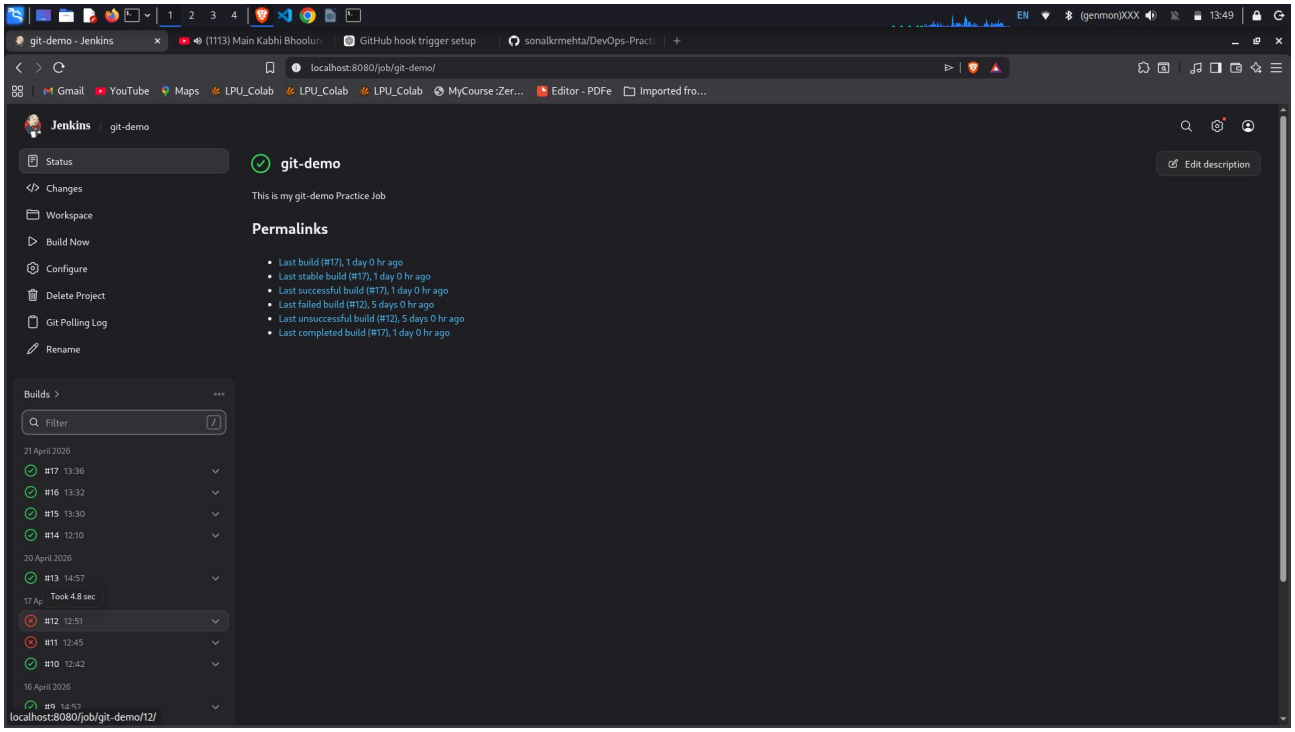
Email Notification





git-demo Config - Jenkins

localhost:8080/job/git-demo/configure

Jenkins / git-demo / Configure

Configure

- General
- Source Code Management
- Triggers
- Environment
- Build Steps
- Post-build Actions

Command

See the list of available environment variables

```
python test.py
```

Advanced

+ Add build step

Post-build Actions

Define what happens after a build completes, like sending notifications, archiving artifacts, or triggering other jobs.

E-mail Notification

Recipients

Whitespace-separated list of recipient addresses. May reference build parameters like $PARAM. E-mail will be sent when a build fails, becomes unstable or returns to stable.

onlyforjenkins@gmail.com

☑ Send e-mail for every unstable build

☐ Send separate e-mails to individuals who broke the build

Save Apply
